

We work to make CASA's services safe for everyone. We value the range of viewpoints that people with different backgrounds can bring.

Our services are more useful for everyone when they benefit from these differences.

We will not tolerate racial, sexual or other harassment against a user, visitor or staff member. Racist and sexist comments, or other behaviour that makes CASA's services feel less safe, are not tolerated.

Other services provided by the FPF...

- community based workshops for service users
- training and consultancy to other professionals
- opportunities to involve users in planning local services

We currently provide two support groups, one in the morning and one in the evening.

Families, Partners and Friends Service

Help for people affected by someone else's drug or alcohol use

The Families, Partners and Friends Service

We help people whose lives are affected by someone else's drug or alcohol use.

A person's drug or alcohol misuse has a big impact on people close to them. Family members and friends can find their own health and well-being badly affected.

People close to a drug or alcohol user can find themselves trapped in the trauma of addiction; feeling responsible, but unsure how to help. They are often desperate for advice and support for themselves.

Our service can help a family member, partner or friend to regain control over their own life, whether or not the drug or alcohol user is also receiving help.

This is a free and confidential service.

Is the service for you?

-  Is your life made difficult by the drug or alcohol use of someone close to you?
-  Do you need professional advice and information?
-  Do you need a safe place to talk about your problem?
-  Are you or the person with the problem an Islington resident?

Contacting us

What the service offers

Information and advice

We can help you to understand better the effects of drug or alcohol misuse. We can tell you about help that is available to you and to the person that you care for.

Individual support

The service offers support from one-off meetings to short term counselling. We can help you to explore your problems and to find ways to deal with them.

Weekly support groups

A support group can help you to break out of isolation, to share experiences and to get support from people who are in a similar situation to your own.
